Daydeal competition

Daydeal holds a competition where you can win the simpsons lego house. This is my contribution (My first gif). Cross your fingers! Update Unfortunately, I did not win the first price(simpsons house), but I got a voucher for daydeal nevertheless

Too many kindle devices

I was just looking for a good java script book on amazon, and wanted to send me a sample to my kindle. Just then, i saw this...

I guess this means i own too many kindle devices...

btw. Do you know a really good java script book to start with? If yes, let me know...
edit: Proud not to have any ISomething in this list... ^^
